All warranties given by DS SolidWorks as to the software and documentation are set forth in the license agreement, and nothing stated in, or implied by, this document or its contents shall be considered or deemed a modification or amendment of any terms, including warranties, in the license agreement.

**Patent Notices**

SOLIDWORKS® 3D mechanical CAD and/or Simulation software is protected by U.S. Patents 6,611,725; 6,844,877; 6,898,560; 6,906,712; 7,079,990; 7,477,262; 7,558,705; 7,571,079; 7,580,497; 7,643,027; 7,672,822; 7,688,318; 7,694,238; 7,853,940; 8,305,376; 8,581,902; 8,817,028; 8,910,078; 9,129,083; 9,153,072; 9,262,863; 9,465,894; 9,646,412 and foreign patents, (e.g., EP 1,116,190 B1 and JP 3,517,643).

**Trademarks and Product Names for SOLIDWORKS**

**Products and Services**

SOLIDWORKS, 3D ContentCentral, 3D PartStream.NET, eDrawings, and the eDrawings logo are registered trademarks and FeatureManager is a jointly owned registered trademark of DS SolidWorks.

CircuitWorks, FloXpress, PhotoView 360, and TolAnalyt are trademarks of DS SolidWorks.

FeatureWorks is a registered trademark of HCL Technologies Ltd.

Other brand or product names are trademarks or registered trademarks of their respective holders.

**COMMERCIAL COMPUTER SOFTWARE - PROPRIETARY**

The Software is a “commercial item” as that term is defined at 48 C.F.R. 2.101 (OCT 1995), consisting of “commercial computer software” and “commercial software documentation” as such terms are used in 48 C.F.R. 12.212 (SEPT 1995) and is provided to the U.S. Government (a) for acquisition by or on behalf of civilian agencies, consistent with the policy set forth in 48 C.F.R. 12.212; or (b) for acquisition by or on behalf of units of the Department of Defense, consistent with the policies set forth in 48 C.F.R. 227.7202-1 (JUN 1995) and 227.7202-4 (JUN 1995)

In the event that you receive a request from any agency of the U.S. Government to provide rights beyond those set forth above, you will notify DS SolidWorks of the scope of the request and DS SolidWorks will have five (5) business days to, in its sole discretion, accept or reject such request. Contracting Manufacturer: Dassault Systemes SolidWorks Corporation, 175 Wyman Street, Waltham, Massachusetts 02451 USA.

Introduction

About This Course ................................................. 2
Prerequisites ......................................................... 2
Course Design Philosophy ................................. 2
Using this Book ..................................................... 2
Laboratory Exercises ............................................ 3
About the Training Files ............................................ 3
Conventions Used in this Book ......................... 3
Windows ............................................................... 3
SOLIDWORKS PDM Standard ......................... 4
More SOLIDWORKS Training Resources ............ 4
Local User Groups ................................................. 4
## Lesson 1: SOLIDWORKS PDM Concepts

The Fundamentals of PDM......................... 6
What is SOLIDWORKS PDM? ...................... 6
SOLIDWORKS PDM Overview .................... 6
SOLIDWORKS PDM Modules ..................... 6
SOLIDWORKS PDM Components ................. 8
  File Vault .................................. 8
  View of File Vault ........................... 8
  Working Folder (Cache) ....................... 8
  Access Rights ................................ 8
SOLIDWORKS PDM ‘Smart’ Files ................. 8
SOLIDWORKS PDM ‘Smart’ Folders .......... 9
File Data Card .................................. 9
Folder Data Card ................................ 9
Workflow ........................................ 9
Notifications ...................................... 10
Versions and Revisions ......................... 10

## Lesson 2: SOLIDWORKS PDM User Interface

SOLIDWORKS PDM User Interface .............. 12
  Getting Help .................................. 12
  The Explorer Window ......................... 12
  Logging In ..................................... 13
Case Study: Exploring SOLIDWORKS PDM .... 14
  SOLIDWORKS PDM User Interface Layout 15
  Logging Out ................................... 31
Exercise 1: Explore SOLIDWORKS PDM User Interface 32

## Lesson 3: Document Creation and Check In

Document Creation and Check In .................. 34
  Creating New Folders and Files .............. 34
Case Study: Checking in Documents .......... 35
  Add Existing Files ............................. 38
  Document Check In ............................ 39
  Create Files and Folders from Templates .. 44
Advanced Document Check In .................... 47
  Check In File .................................. 47
Case Study: Checking in Documents with References 48
Exercise 2: Document Creation and Check In .... 51
# SOLIDWORKS PDM

## Contents

### Lesson 4: Versioning Files

- Versioning Files ................................................................. 54
- Check Out ................................................................. 54
- Optional Check Out Method .................................................. 55
- Case Study: Versioning Files .................................................. 58
  - Overwriting Latest Versions .............................................. 59
  - Local File Version ..................................................... 60
  - Get Latest Version .................................................... 60
  - Get Version ............................................................. 60
  - Overwriting Checked Out Versions .................................... 60
  - Undo Check Out ........................................................ 61
- History ............................................................................... 62
- Exercise 3: Versioning Files .................................................. 64

### Lesson 5: File References

- File References ....................................................................... 66
  - Creating and Removing References ....................................... 66
  - Case Study: File References ................................................ 67
  - Copying Files with References ............................................. 68
  - Case Study: Copy File with References ................................. 70
  - Moving Files with References ............................................. 72
  - Case Study: Move File and References .................................... 73
  - Sharing Files ....................................................................... 75
- Exercise 4: File References ..................................................... 76

### Lesson 6: Searching

- Searching SOLIDWORKS PDM .................................................. 78
  - Name and Location .......................................................... 80
  - Start Searching .............................................................. 81
  - Searching for Checked Out Files .......................................... 81
  - The Search Results ........................................................ 82
  - Case Study: Search .......................................................... 82
  - Favorite Searches ............................................................ 84
- Exercise 5: Search .............................................................. 86
### Lesson 7: Workflow and Notification

- SOLIDWORKS PDM Workflow ........................................ 88
- Change File State ...................................................... 88
- Case Study: Workflow ................................................ 90
- Exercise 6: Workflow .................................................. 93

### Lesson 8: Working in SOLIDWORKS

- Versioning SOLIDWORKS Files .................................... 96
  - SOLIDWORKS Add-in ................................................. 96
  - Add-in Options ....................................................... 97
  - Check Out Files .................................................... 98
- Case Study: Versioning Files ....................................... 99
- Check In Files ......................................................... 104
- Managing Local Cache .............................................. 106
  - Remove Local Copy ............................................... 106
  - Clear Local Cache .................................................. 106
  - Working With File Versions ...................................... 106
  - Workflow ............................................................. 108
- Exercise 7: Versioning SOLIDWORKS Files .................... 110

### Appendix A: Working with Bill of Materials

- Bill of Materials (BOM) .............................................. 112
  - Modify Computed BOM ............................................. 113
  - Modify Computed BOM Quantity ................................ 114
  - Activate Computed BOM .......................................... 114
- Case Study: Modify a Computed BOM ......................... 114
  - Create Named BOM ............................................... 116
  - Modify Named BOM ............................................... 116
- Case Study: Create and Modify a Named BOM ................ 117
  - Compare BOM ...................................................... 121
